

Indian Institute of Technology Kanpur

# INSTITUTE LECTURE SERIES

November 20, 2023 (Monday) | 4.00 pm | L - 8

## Talk Title

### **My Incredible Journey: From Orissa, India to California, USA**

## Speaker

### **Prof. Sanjit K. Mitra**

**Emeritus Professor, University of California, Santa Barbara, and the University of Southern California**

## About the Speaker

Sanjit K. Mitra is a distinguished academic and researcher in the field of electrical and computer engineering. He holds the position of Professor Emeritus at the University of California, Santa Barbara, and the University of Southern California, Los Angeles. Dr. Mitra's extensive career includes visiting appointments in numerous countries, where he shared his expertise in analog and digital signal processing and image processing. He boasts a remarkable publication record with over 700 papers, 12 authored and co-authored books, and six patents.

Dr. Mitra has been a prominent figure in the IEEE (Institute of Electrical and Electronics Engineers), serving as the President of the IEEE Circuits & Systems Society in 1986. His numerous awards and accolades include the F.E. Terman Award, AT&T Foundation Award, and several IEEE awards recognizing his contributions to education, technology, and signal processing. He's received honorary doctorate degrees from universities in Finland and Romania and is a member of multiple prestigious academies worldwide. His accomplishments extend beyond his research, with extensive involvement in academia and international collaborations. He's been a recipient of many awards and honors for his contributions to the field of electrical engineering and signal processing, making him a pioneer and a revered figure in the industry.

All are cordially invited to attend
