Department of Electrical Engineering
Indian Institute of Technology Kanpur

MTech Admission 2023-24 Semester-I

Department of Electrical Engineering, IIT Kanpur invites applications for admissions to MTech programme from eligible candidates

Specializations

- Microelectronics and VLSI (MVLSI)
- Power Engineering (PE)
- RF and Microwaves (RF)
- Signal Processing, Communication and Networks (SPCOM)
- Control and Automation (CA)
- Photonics (PH)

Highlights

- Institute assistantship up to INR 12,400 per month
- Financial support for national and international conferences
- Work with international universities/ exchange programs/ state-of-the-art labs
- Possibility to convert MTech to PhD programme
- Student Entrepreneurship Policy
- Placement opportunities from leading multi-national industries

Who can apply?

- Bachelor's degree in engineering or science (4 year program) in relevant discipline
- A valid GATE score for regular candidates (non-sponsored/non-project candidates)
  OR
- Graduated from IITs with a minimum 6.5 CPI and a minimum CPI of 8.0 in the last 2 years of BTech

MSc (Physics and Electronics) students can apply for MTech in photonics with valid GATE score

(Eligible candidates in BTech final semester can also apply)

Important Dates
Application submission:
Mar 22, 2023 - Apr 11, 2023
